"No reason to stay. When I was eight, my parents were killed in a fire. Our house burned down. I was taken in by a balmy old woman who lived not far away. I had some kin, but they didn't want me." He looked at me, trusting me. "They're pretty superstitious back in there, you know. Thought I was . . . marked. Anyway, the old woman took me in. She was a midwife, but she fancied herself a witch or something. Always making me drink some mess she'd brewed up. She fed me, clothed me, educated me, after a fashion, tried to teach me all her conjures, but I never could take 'em seriously." He grinned sheepishly. "I did chores for her and eventually became a sort of assistant, I guess. I helped her birth babies . . . I mean, deliver babies a couple of times, but that didn't last long. The parents were afraid me bein' around might mark the baby. She taught me to read and I couldn't stop. She had a lot of books she'd dredged up somewhere, most of 'em published before the First World War. I read a complete set of encyclopedias published in 1911." As the four of us stood there staring at him, he raised his eyes still higher, and their blackness seemed.

"I can almost feel the weight of those diamonds and emeralds and gold and pearls right now," said Amos. He strode toward the gate. She took a deep breath and plunged in, only to collide with Ralston as he came out, dragging Song. Except for a dazed expression and a few cuts, Song seemed to be all right. Having come round to a sensible, accepting attitude, she turned from the freezer to witness the effect of her outburst on the Morones, who looked elsewhere, and on Barry, who couldn't resist meeting her eyes head-on. Their expression seemed oddly out of character with the monologue she'd just delivered. They were piercing (as against vulnerable) steely-gray eyes that stared defiance from a face all sags and wrinkles. Without the contradiction of such eyes, her face would have seemed ruined and hopeless; with them, she looked just like an ancient centurion in a movie about the Roman Empire. It's always there, so you never get around to it". She rolled to her feet. Swinging up onto the deck, she began using the railing as a bar for ballet exercises. She shot me an amused glance. "Ever curious, aren't you, Gordy?" But before I could protest, she grinned. "We split when we were six. I told Mandy about it when we were seven, after we'd learned to read and write. The humor seems infantile and unimaginative to you; you are not interested in the actresses' occasional seminudity. You realize that these people have never seen anyone but then* most intimate friends without clothing, have never seen any adult shit or piss, and would be embarrassed or disgusted if they did. Why did children say "pee-pee" and "poo-poo," and then giggle? You have read scholarly books about taboos on "bodily functions," but why was shitting worse than sneezing? "Not in my book," I said. sniffed. The smell of man hung on the air. In Defense of Criticism, that some kind of closure had been achieved, which definitely was not the case; he'd panicked, pure and simple. That night Amos again went to the brig. No one had missed the jailor yet so there was no guard at all. "Mine's Barry," he said. "Do you drink beer?" .146. "Where would that have come from?" Lang had asked. Of the feminine sex. The only man speaking was tall, thin, and grey. He wore a grey cape, grey gloves, grey boots, and his hair was grey. His voice sounded to Amos like wind over mouse fur, or sand ground into old velvet. The only thing about him not grey was a large black trunk beside him, high as his shoulder. Several rough and grimy sailors with cutlasses sat at his table; they were so dirty they were no color at all. A lock dangling down over her temple. "There's no need.
