They put their arms round each other in a fierce, long embrace. Then..Irian stood silent too, but her hope sank down, replaced by a sense of shame and utter insignificance. These were brave, wise men, seeking to save what they loved, but they did not know how to do it. And she had no share in their wisdom, no part in their decisions. She drew away from them, and they did not notice. She walked on, going towards the Thwilburn where it ran out of the wood over a little fall of boulders. The water was bright in the morning sunlight and made a happy noise. She wanted to cry but she had never been good at crying. She stood and watched the water, and her shame turned slowly into anger..The heat of the day was beginning to lessen and the shadows of the Grove lay across the grass, though the Otter's House was still in sunlight. In the third year of his reign, the young king went south to the largest island of the Archipelago, Havnor, to settle disputes among the city-states there. Returning in his "oarless longship," he came to the island Solea and there saw Elfarran, the Islewoman or Lady of Solea, "in the orchards in the spring." He lay as if dead, cold, his heart not beating, yet he breathed. The Herbal used all his art, but could not rouse him. "He is dead," he said. "The breath will not leave him, but he is dead." So we mourned him. Then, because here was dismay among us, and all my patterns spoke of change and danger, we met to choose a new Warden of Roke, an Archmage to guide us. And in our council we set the young king in the Summoner's place. To us it seemed right that he should sit among us. Only the Changer spoke against it at first, and then agreed. Mostly the pupil was supposed to be with the Master, or studying the lists of names in the room where the lorebooks and wordbooks were, or asleep. Hemlock was a stickler for early abed and early afoot. But now and then Diamond had an hour or two free. He always went down to the docks and sat on a pierside or a waterstair and thought about Darkrose. As soon as he was out of the house and away from Master Hemlock, he began to think about Darkrose, and went on thinking about her and very little else. It surprised him a little. He thought he ought to be homesick, to think about his mother. He did think about his mother quite often, and often was homesick, lying on his cot in his bare and narrow little room after a scanty supper of cold pea-porridge -- for this wizard, at least, did not live in such luxury as Golden had imagined. Diamond never thought about Darkrose, nights. He thought of his mother, or of sunny rooms and hot food, or a tune would come into his head and he would practice it mentally on the harp in his mind, and so drift off to sleep. Darkrose would come to his mind only when he was down at the docks, staring out at the water of the harbor, the piers, the fishing boats, only when he was outdoors and away from Hemlock and his house. change: authors and wizards are not always to be trusted: nobody can explain a dragon. done nothing without your daughter," he said.
