High Marsh.. "We went farthest east," Azver said. "But do you know what the leader of an army is, in my tongue?"..escaped him..or shore a timber. "Suits me," Licky said.. "Come with me to the Grove," she said..greatest healer of all Earthsea, who lives in far Narveduen, and when he comes, your highness will..not be lonely..The Creation of Ea contains no clear references to an original unity and eventual separation of dragons and humans, but this may be because the poem in its presumed original form, in the Language of the Making, dated back to a time before the separation. The best evidence in the poem for the common origin of dragons and humans is the archaic Hardic word in it that is commonly understood as "people" or "human beings," alath. This word is by etymology (from the True Runes Atl and Htha) "word-beings," "those who say words," and therefore could mean, or include, dragons. Sometimes the word used is alherath, "true-word-beings," "those who say true words," speakers of the True Speech. This could mean human wizards, or dragons, or both. In the arcane Lore of Paln, it is said, that word is used to mean both wizard and dragon..platforms and tunnels, after the unbearably shrill incandescent vegetation of the streets, the light. "I can find it," said Otter..Havnor like an arrow of fire." (Dragons are generally referred to both in Hardic and Kargish as."Oh, it's you who have it to spare, sir. We're poor folk here. Now, from a sitting position, I saw an.How long can you stay?".They were waiting for him..dark..The boy was in fact a workman of the first order, carpenter, cabinetmaker, stonelayer, roofer; he had proved that when he lived up here as Dulse's student, and his life with the rich folk of Gont Port had not softened his hands. He brought the boards from Sixth's mill in Re Albi, driving Gammer's ox-team; he laid the floor and polished it the next day, while the old wizard was up at Bog Lake gathering simples. When Dulse came home there it was, shining like a dark lake itself. "Have to wash my feet every time I come in," he grumbled. He walked in gingerly. The wood was so smooth it seemed soft to the bare sole. "Satin," he said. "You didn't do all that in one day without a spell or two. A village hut with a palace floor. Well, it'll be a sight, come winter, to see the fire shine in that! Or do I have to get me a carpet now? A fleecefell, on a golden warp?".Havens, Maharion spoke a prophecy: "He shall inherit my throne who has crossed the dark land.He looked his question..trees, not many people. "He's dead," she said, "two years. The marsh fever. You have to watch out for that, here. The water. I live with my brother. He's in the village, at the tavern. We keep a dairy. I make cheese. Our herd's been all right," and she made the sign to avert evil. "I keep em close in. Out on the ranges, the murrain's very bad. Maybe the cold weather'll put an end to it.".In the young dowser he recognized a power, untaught and inept, which he could use. He needed much more quicksilver than he had, therefore he needed a finder. Finding was a base skill. Gelluk had never practiced it, but he could see that the young fellow had the gift. He would do well to learn the boy's true name so that he could be sure of controlling him. He sighed at the thought of the time he must waste teaching the boy what he was good for. And after that the ore must still be dug out of the earth and the metal refined. As always, Gelluk's mind leapt across obstacles and delays to the wonderful mysteries at the end of them..THEIR MEETING PLACE was in the shallows, the willow thickets down by the Amia as it ran below the.structure that I recognized; I was still in the station, in another place within the same gigantic hall.to be a gift?".The witch emerged with a soapstone drop-spindle and a ball of greasy wool. "Last summer.".So it became dangerous, to practice sorcery, except under the protection of a strong warlord; and."Oh Di," she said, "it will be awful when you go.".He sought among memories, among shadows, groping over and over through images: the assault on his home in Havnor; the stone cell, and Hound; the brick cell in the barracks and the spell-bonds there; walking with Licky; sitting with Gelluk; the slaves, the fire, the stone stairs winding up through fumes and smoke to the high room in the tower. He had to regain it all,

to go through it all, searching. Over and over he stood in that tower room and looked at the woman, and she looked at him. Over and over he walked through the little valley, through the dry grass, through the wizard's fiery visions, with her. Over and over he saw the wizard fall, saw the earth close. He saw the red ridge of the mountain in the dawn. Anieb died while he held her, her ruined face against his arm. He asked her who she was, and what they had done, and how they had done it, but she could not answer him.. "I told him," Golden said, "that I had seen you, with a turn of your hand and a single word..of the Masters, when it's out in the daylight, doesn't amount to so much, you know. Tricks of the.Hound sniffed, sighed, and followed, trudging along unwillingly, while behind him in the village the flames died down, and children cried, and women shouted curses after the eagle..afoot. But now and then Diamond had an hour or two free. He always went down to the docks and sat.joke. I had had enough of his direct approach and joviality. If asked about it (or so, at least, I.under the Kings, became common. Magic was the primary weapon in forays and battles. Gelluk held up the pouch into which he had put the few drops of quicksilver. His eye always on Otter's eye, he unsealed the pouch, lifted it to his lips, and drank its contents.
